DEPARTMENT OF ORAL AND MAXILLOFACIAL SURGERY

FINAL YEAR BDS –YEAR PLANNER (2021-22)

Theory Schedule

Date	Topics	Faculty Incharge
1.12.2021 (Wed 9-10am)	Introduction to OMFS	Dr. Deepak.C
4.12.2021 (Sat 8-9am)	Local Anaesthesia – A review (Part I)	Dr. Pearlcid
8.12.2021 (Wed -9-10am)	Local Anaesthesia – A review (Part II)	Dr. Pearlcid
11.12.2021 (Sat 8-9am)	Art of history taking	Dr. Deepak.C
15.12.2021 (Wed 9-10am)	Medical conditions and physical status of patients - I	prof. J.Naveen Kumar
18.12.2021 (Sat 8-9am)	Medical conditions and physical status of patients - 2	prof J.Naveen Kumar
22.12.2021 (Wed 9-10am)	Medical Emergencies - I	Dr. S.Vijaya Nirmala
29.12.2021 (Sat 8-9am)	Medical Emergencies - II	Dr. S.Vijaya Nirmala
5.1.2022 (Wed 9-10am)	Pain and anxiety control	Dr. Pearlcid
8.1.2022 (Sat 8-9am)	Cross infection	Dr. S.Senthoor Pandiyan
12.1.2022 (Wed 9-10am)	Antibiotics in OMFS - I	Dr. S.Senthoor Pandiyan
19.1.2022 (Sat 8-9am)	Antibiotics in OMFS - II	Dr. S.Senthoor Pandiyan

22.1.2022 (Wed 9-10am)	Analgesics in OMFS - I	Dr. Pearlcid
29.1.2022 (Sat 8-9am)	Analgesics in OMFS – II	Dr. Pearlcid
2.2.2022 (Wed 9-10am)	Exodontia – part I (Indications, Contraindications, Principles)	Dr. Jawahar Babu
5.2.2022 (Sat 8-9am)	Exodontia – part II (Armamentarium, Intra-alveolar extraction)	Dr. Jawahar Babu
9.2.2022 (Wed 9-10am)	Exodontia – part III (Transalveolar extraction)	Dr. Kalpa Pandya
12.2.2022 (Sat 8-9am)	Exodontia – part IV (Complications)	Dr. K.Shanthi
16.2.2022 (Wed 9-10am)	Exodontia – part V (Complications)	Dr. K.Shanthi
19.2.2022 (Sat 8-9am)	Impaction – Part I	Dr. Santhosh
23.2.2022 (Wed 9-10am)	Impaction – Part II	Dr. Santhosh
26.2.2022 (Sat 8-9am)	Canine impaction	Dr. Kalpa Pandya
2.3.2022 (Wed 9-10am)	Odontogenic and Non-Odontogenic cysts – Part I	prof. Emmanuel
5.3.2022 (Sat 8-9am)	Odontogenic and Non-Odontogenic cysts – Part II	prof. Emmanuel
9.3.2022 (Wed 9-10am)	Odontogenic and Non-Odontogenic cysts – Part III	prof. Emmanuel
12.3.2022 (Sat 8-9 am)	Odontogenic tumours- Part I	Dr. Elengkumaran
16.3.2022 (Wed 9-10am)	Odontogenic tumours- Part II	Dr. Elengkumaran

19.3.2022 (Sat 8-9am)	Non - Odontogenic tumours Part I	Dr. Elengkumaran
23.3.2022 (Wed 9-10am)	Non – Odontogenic tumours Part II	Dr.Elengkumaran
26.3.2022 (Sat 8-9am)	Salivary gland disorders – Part I	prof. G.V.V.Giri
30.3.2022 (Wed 9-10am)	Salivary gland disorders – Part II	prof. G.V.V.Giri
2.4.2022 (Sat 8-9am)	Oral cancer – Part I	Dr.Elengkumaran
6.4.2022 (Wed 9-10am)	Oral cancer – Part II	prof. G.V.V.Giri
9.4.2022 (Sat 8-9am)	Space infection – Part I	Dr. C.Deepak
13.4.2022 (Wed 9-10am)	Space infection – Part II	Dr. C.Deepak
16.4.2022 (Sat 8-9am)	Maxillary sinus and its implications – Part I	prof. J.Naveen Kumar
20.4.2022 (Wed 9-10am)	Maxillary sinus and its implications – Part II	prof. J.Naveen Kumar
23.4.2022 (Sat 8-9am)	Preprosthetic surgery - I	Dr. Santhosh
27.4.2022 (Wed 9-10am)	Preprosthetic surgery - II	Dr. Santhosh
30.4.2022 (Sat 8-9am)	Suture materials & techniques – Review I	Dr. Kalpa Pandya
4.5.2022 (Wed 9-10am)	Suture materials & techniques – Review II	Dr. Kalpa Pandya
7.5.2022 (Sat 8-9am)	Fractures – Part I	prof. C. Ravindran

11.5.2022 (Wed 9-10am)	Fractures – Part II	Prof C. Ravindran
14.5.2022 (Sat 8-9am)	Fractures – Part III	Prof. C. Ravindran
18.5.2022 (Wed 9-10am)	Fractures – Part IV	Prof. C. Ravindran
21.5.2022 (Sat 8-9am)	Fractures – Part V	Prof. C. Ravindran
25.5.2022 (Wed 9-10am)	Fractures – Part VI	Prof. C. Ravindran
28.5.2022 (Sat 8-9am)	Conscious sedation	Dr.Pearlcid
1.6.2022 (Wed 9-10am)	General anaesthesia	Prof G.V.V.Giri
4.6.2022 (Sat 8-9 am)	Osteomyelitis – Part I	Dr. Elengkumaran
8.6.2022 (Wed 9-10am)	Osteomyelitis – Part II	Dr. Elengkumaran
11.6.2022 (Sat 8-9 am)	Osteoradionecrosis	Dr. Kalpa Pandya
15.6.2022 (Wed 9-10am)	Implants – Part I	Dr. Kalpa Pandya
18.6.2022 (Sat 8-9 am)	Implants – Part II	Dr. Jawahar Babu
22.6.2022 (Wed 9-10am)	Endodontic surgeries - I	Dr. Jawahar Babu
25.6.2022 (Sat 8-9 am)	Endodontic surgeries - II	Dr. Jawahar Babu
29.6.2022	Cleft lip & palate - I	Prof. J.Naveen Kumar

(Wed 9-10am)		
2.7.2022 (Sat 8-9 am)	Cleft lip & palate - II	Prof J.Naveen Kumar
6.7.2022 (Wed 9-10am)	Temporomandibular joint – I (Anatomy)	Dr. Pearlcid
9.7.2022 (Sat 8-9 am)	Temporomandibular joint disorders – II	Prof. Emmanuel
13.7.2022 (Wed 9-10)	Temporomandibular joint disorders - III	Prof. Emmanuel
16.7.2022 (Sat 8-9am)	Trigeminal neuralgia - I	Prof. G.V.V.Giri
20.7.2022 (Wed 9-10am)	Trigeminal neuralgia - II	Prof. G.V.V.Giri
23.7.2022 (Sat 8-9 am)	Shock and Haemorrhage - I	Dr. Santhosh
27.7.2022 (Wed 9-10am)	Shock and Haemorrhage - II	Dr. Santhosh
30.7.2022 (Sat 8-9 am)	Facial nerve injuries and paralysis - I	Dr. Jawahar Babu
3.8.2022 (Wed 9-10am)	Facial nerve injuries and paralysis - II	Dr.Jawahar Babu
6.8.2022 (Sat 8-9am)	Maxillary orthognathic surgery	Prof. J.Naveen Kumar
10.8.2022 (Wed 9-10am)	Mandibular orthognathic surgery	Prof. Emmanuel
13.8.2022 (Sat 8-9 am)	Armamentarium used in OMFS - I	Dr. k.Shanthi
17.8.2022 (Wed 9-10am)	Armamentarium used in OMFS - II	Dr. k.Shanthi

DEPARTMENT OF ORAL AND MAXILLOFACIAL SURGERY

THREE CYCLES OF CLINICAL POSTINGS FOR FINAL BDS

TOTAL WORKING DAYS - 39 (10:00 AM – 4:00 PM)

Days	10:00 AM – 1:00 PM CLINICAL WORK	1:30 PM – 2:30 PM CLINICAL WORK	2:30 PM – 3:30PM CLINICAL DISCUSSIONS	3:30 PM – 4:00 PM SELF STUDY	FACULTY DAY IN-CHARGE SIGNATURE & REMARKS
DAY 1	Demonstration and Observation of vitals monitoring, hand washing and PPE use.	Demonstration and Observation of vitals monitoring	Maxillary Anaesthesia & Exodontia	Self-study, Assignment, and logbook completion	Dr.GVV.Giri, Dr.Shanthi
DAY 2	Demonstration, Observation of Informed consent, and communication skills	Demonstration, Observation of Informed consent and communication skills	Classification and composition of local anaesthesia	Self-study, Assignment, and logbook completion	Dr. Deepak Dr. Vijaya Nirmala
DAY 3	Calculation of maximum recommended dose for patients. Demonstration, observation, and performance for instrument selection	Calculation of maximum recommended dose for patients, Demonstration, observation, and performance for instrument selection.	Theories of mechanism of action of local anaesthesia	Self-study, Assignment, and logbook completion	Dr.Emmanuel, Dr.Santhosh
DAY 4	Demonstration, observation, performance for appropriate chair position and operator position	Demonstration, observation, performance for appropriate chair position and operator position	Mechanism of action of local anaesthesia	Self-study, Assignment, and logbook completion	Dr.Naveen Dr.Pearlcid
DAY 5	Demonstration, observation, performance of local anaesthesia infiltration	Demonstration, observation, performance of local anaesthesia infiltration	Maxillary nerve anaesthesia techniques	Self-study, Assignment, and logbook completion	Dr.Jawahar

DAY 6	Demonstration, observation, performance of inferior alveolar nerve block	Demonstration, observation, performance of inferior alveolar nerve block	GP,PSA,Technique	Self-study, Assignment, and logbook completion	Dr.Elangumaran Dr.Kalpa
DAY 7	Demonstration and selection of appropriate instruments	Demonstration and selection of appropriate instruments	Systemic complications of local anaesthesia	Self-study, Assignment, and logbook completion	Dr.GVV.Giri, Dr.Shanthi
DAY 8	Extraction of mobile teeth	Extraction of mobile teeth	Vasoconstrictors	Self-study, Assignment, and logbook completion	Dr. Deepak Dr. Vijaya Nirmala
DAY9	Administration of appropriate post-operative instructions and post operative drugs	Administration of appropriate post-operative instructions and post-operative drugs	Trigeminal nerve	Self-study, Assignment, and logbook completion	Dr.Emmanuel, Dr.Santhosh
DAY 10	Extraction of mobile teeth	Extraction of mobile teeth	Mandibular Nerve block	Self-study, Assignment, and logbook completion	Dr.Naveen Dr.Pearlcid
DAY 11	Extraction of mobile teeth	Extraction of mobile teeth	Introduction to history taking	Self-study, Assignment, and logbook completion	Dr.Jawahar
DAY 12	Viva and assessment	Viva and assessment	Palatal injection Techniques	Self-study, Assignment, and logbook completion	Dr.Elangumaran Dr.Kalpa
DAY 13	Viva assessment of first posting topics	Viva assessment of first posting topics	Posterior superior alveolar nerve block	Self-study, Assignment, and logbook completion	Dr.GVV.Giri, Dr.Shanthi
DAY 14	Extraction of firm maxillary and mandibular teeth	Extraction of firm maxillary and mandibular teeth	Other maxillary injection techniques	Self-study, Assignment, and logbook completion	Dr. Deepak Dr. Vijaya Nirmala
DAY 15	Extraction of firm maxillary and mandibular anterior	Extraction of firm maxillary and mandibular anterior teeth	Other mandibular injection techniques	Self-study, Assignment, and	Dr.Emmanuel, Dr.Santhosh

	teeth			logbook completion	
DAY 16	Extraction of maxillary and mandibular posterior teeth	Extraction of maxillary and mandibular posterior teeth	Indications and contraindications of extractions	Self-study, Assignment, and logbook completion	Dr.Naveen Dr.Pearlcid
DAY 17	Extraction of maxillary and mandibular posterior teeth	Extraction of maxillary and mandibular posterior teeth	Principles of exodontias	Self-study, Assignment, and logbook completion	Dr.Jawahar
DAY 18	Extraction of root stumps	Extraction of root stumps	Specific technique for extraction of various teeth	Self-study, Assignment, and logbook completion	Dr.Elangumaran Dr.Kalpa
DAY 19	Extraction of root stumps	Extraction of root stumps	Complications of extraction and its management	Self-study, Assignment, and logbook completion	Dr.GVV.Giri, Dr.Shanthi
DAY 20	Extraction of grossly decayed mandibular teeth	Extraction of grossly decayed mandibular teeth	Principles of elevators	Self-study, Assignment, and logbook completion	Dr. Deepak Dr. Vijaya Nirmala
DAY 21	Assisting of transalveolar extractions	Assisting of transalveolar extractions	Management of medically compromised patients- Hypertension	Self-study, Assignment, and logbook completion	Dr.Emmanuel, Dr.Santhosh
DAY 22	Extraction of grossly decayed maxillary teeth	Extraction of grossly decayed maxillary teeth	Management of medically compromised patients- Diabetes Mellitus	Self-study, Assignment, and logbook completion	Dr.Naveen Dr.Pearlcid
DAY 23	Assisting of transalveolar extractions	Assisting of transalveolar extractions	Management of medically compromised patients- CVS Disorders	Self-study, Assignment, and logbook completion	Dr.Jawahar
DAY 24	Extraction of grossly decayed maxillary teeth	Extraction of grossly decayed maxillary teeth	Management of medically compromised patients- Respiratory Disorders	Self-study, Assignment, and logbook completion	Dr.Elangumaran Dr.Kalpa

DAY 25	Viva and assessment	Viva and assessment	Management of medically compromised patients- Bleeding Disorders	Self-study, Assignment, and logbook completion	Dr.GVV.Giri, Dr.Shanthi
DAY 26	Viva and assessment	Viva and assessment	Management of medically compromised patients- Liver and Renal Disorders	Self-study, Assignment, and logbook completion	Dr. Deepak Dr. Vijaya Nirmala
DAY 27	Extraction of multiple teeth/ full mouth extraction	Extraction of multiple teeth/ full mouth extraction	Management of medically compromised patients- CNS Disorders	Self-study, Assignment, and logbook completion	Dr.Emmanuel, Dr.Santhosh
DAY 28	Extraction of multiple teeth/ full mouth extraction	Extraction of multiple teeth/ full mouth extraction	Management of medically compromised patients- Syncope	Self-study, Assignment, and logbook completion	Dr.Naveen Dr.Pearlcid
DAY 29	Demonstration and observation of suturing after multiple extractions	Demonstration and observation of suturing after multiple extractions	Management of medically compromised patients- Foreign Body Aspiration	Self-study, Assignment, and logbook completion	Dr.Jawahar
DAY 30	Demonstration and observation of suturing after multiple extractions	Demonstration and observation of suturing after multiple extractions	Management of medically compromised patients- Haemorrhage	Self-study, Assignment, and logbook completion	Dr.Elangumaran Dr.Kalpa
DAY 31	Management, decision-making and appropriate referral for medically compromised patients	Management, decision-making and appropriate referral for medically compromised patients	Transalveolar extractions	Self-study, Assignment, and logbook completion	Dr.GVV.Giri, Dr.Shanthi
DAY 32	Management, decision-making and appropriate referral for medically compromised patients	Management, decision-making and appropriate referral for medically compromised patients	Local haemostatic agents	Self-study, Assignment, and logbook completion	Dr. Deepak Dr. Vijaya Nirmala
DAY 33	Extraction of grossly decayed teeth	Extraction of grossly decayed teeth	Revision of topics selected by students	Self-study, Assignment, and logbook completion	Dr.Emmanuel, Dr.Santhosh

DAY 34	Extraction of grossly decayed teeth	Extraction of grossly decayed teeth	Revision of topics selected by students	Self-study, Assignment, and logbook completion	Dr.Naveen Dr.Pearlcid
DAY 35	Extraction of teeth followed by primary alveoloplasty	Extraction of teeth followed by primary alveoloplasty	Revision of topics selected by students	Self-study, Assignment, and logbook completion	Dr.Jawahar
DAY 36	Extraction of teeth followed by primary alveolopalsty	Extraction of teeth followed by primary alveolopalsty	Revision of topics selected by students	Self-study, Assignment, and logbook completion	Dr.Elangumaran Dr.Kalpa
DAY 37	Demonstration and revision of instruments	Demonstration and revision of instruments	Revision of topics selected by students	Self-study, Assignment, and logbook completion	Dr.GVV.Giri, Dr.Shanthi
DAY 38	Viva and assessment	Viva and assessment	Revision of topics selected by students	Self-study, Assignment, and logbook completion	Dr. Deepak Dr. Vijaya Nirmala
DAY 39	Viva and assessment	Viva and assessment	Revision of topics selected by students	Self-study, Assignment, and logbook completion	Dr.Emmanuel, Dr.Santhosh
