

International Childhood Cancer Awareness Day –

15th February, 2018

Every year, 15th February is observed as Childhood Cancer Awareness Day, internationally. At SRMC, the medical students of The MedHOPE Foundation distributed Golden colour ribbons to all the students, Faculty & Staff of SRMC, to raise awareness about Childhood Cancer. Over 400 metres of ribbons were bought and 4000 ribbons were made and distributed to all, including the patients and attenders who visited Sri Ramachandra Hospital on that day. Standing Posters about Childhood Cancer were put up at most crowded places inside the campus. The event was chiefly coordinated by Ganesh Balaji R, 3rd year MBBS, along with volunteers from 3rd year MBBS- Soniya P, Harini P, Swetha K V, Ranjith Reddy M G and Gowtham R.
