In a significant development, Sri Ramachandra Hospital's (SRMC) Centre of Sports Science has inked a deal with M.S. Dhoni Cricket Academy of Aarka Sports Management for developing aspiring cricketers. It will be called the M.S. Dhoni-CSS High Performance Centre.

Dr. S. Arumugam, Director, CSS, told *The Hindu* that the Dhoni-CSS centre would be inaugurated on Saturday (Sept. 19), the Founder's day for SRMC.

"Dhoni has a vision of producing Olympic champions for India and at some stage, he will turn the academy's focus to Olympic disciplines too," Dr. Arumugam said.
