SRI RAMACHANDRA UNIVERSITY

(Declared under Section 3 of the UGC Act, 1956)

Accredited by NAAC with 'A' Grade

Porur, Chennai – 600 116.

Sri Ramachandra Medical College and Research Institute was established by Sri Ramachandra Educational and Health Trust in the year 1985 as a private non-profit, self-financing Institution dedicated to serve the society as a Centre of Excellence with emphasis on Medical Education, Research and Healthcare. In view of its academic excellence, the Government of India declared, Sri Ramachandra Medical College & Research Institute as a Deemed University in September, 1994 under Section 3 of the University Grants Commission Act, 1956. The nomenclature of the Institution has been changed to Sri Ramachandra University from December 2006. The Trust achieved the task of establishing this institution as a “Centre of Excellence” under the leadership of Late Shri. N.P.V. Ramasamy Udayar who was the Founder & Managing Trustee of the Trust and also the first Chancellor of the Deemed University. Shri.V.R. Venkataachalam is currently the Chancellor of the University and also the Managing Trustee of the Trust.

The objective of the Institution is to have the facility raised and developed to a level comparable to any major medical establishment in advanced countries. With this goal in mind, the Trust, in close co-operation of, and the able guidance from professional experts in administration and teaching, has developed this sprawling 150 acres of green campus to the level of a prestigious University today. Further milestones were reached and on April 1, 1997 when an inter-institutional alliance between Harvard Medical International, USA and Sri Ramachandra Medical College and Research Institute was signed. This major step in the growth of the Institution has further led the Institution towards quality in the areas of Medical Education, Health Care and Research and enhanced its visibility and recognition at the International level.

Harvard Medical International, in its annual report 2007, had stated that “Sri Ramachandra is the model of a learning Institution in both its Medical school and Hospitals. They have pursued faculty development with great rigor, and in the Hospital are striving to be a quality leader in India. The Institution stands out because of its commitment to taking care of all”.

Sri Ramachandra Medical College and Research Institute is among the very few Medical Institutes in India which have been sanctioned 250 seats in MBBS Degree course by the Medical Council of India from the academic year 2011-12.

ACCREDITATION:

Sri Ramachandra University has been accredited (cycle-2) by National Assessment and Accreditation Council (NAAC) with CGPA of 3.62 on four point scale at 'A' Grade.

The Clinical Laboratory is NABL accredited and the Blood Bank is accredited by the American Association of Blood Banks (AABB).

The CEFT is GLP certified. The first Medical University in India to get the GLP certification from DST, Govt. of India.

CONSTITUENT UNITS:

The following are the constituent units of Sri Ramachandra University:

- 1) **Sri Ramachandra Medical College and Research Institute;**
- 2) **Faculty of Dental Sciences;**
- 3) **Faculty of Pharmacy;**
- 4) **Faculty of Nursing;**
- 5) **Faculty of Physiotherapy;**
- 6) **Faculty of Allied Health Sciences;**
- 7) **Faculty of Management; and**
- 8) **Faculty of Biomedical Sciences, Technology and Research**

The University offers, at present 15 Degree courses at undergraduate level in medical, dental, para-medical and allied health sciences disciplines and 39 courses in Medical, 8 courses in Dentistry and 35 para-medical Degree courses at postgraduate level through the above units. In all, nearly 5,000 students receive teaching and training within the University campus.

POSTGRADUATE PROGRAM:

The goal of postgraduate programs is to train medical graduates to become quality physicians and surgeons and make them achieve clinical and scholarly excellence in their respective specialities. The educational experience they gain in SRMC & RI prepares them to provide the highest quality of healthcare and equips them to handle challenges in their specialities. The curriculum is designed to train the postgraduates in all facets of patient care and to impart updated medical knowledge. The clinical training experience they get in the Hospital, in addition to enhancing practical and clinical skills, provides a unique opportunity for system-based practice, enabling them to understand health systems, including quality and safety in patient care.

Exposure to research, participation in seminars, workshops and conferences are other educational tools. The postgraduates are exposed both to modern technology and community based practice.

The academic training emphasize progressive responsibility through a maximum of 3 years and ensures that at the time of graduation, the postgraduates demonstrate independence in judgement and skill. The clinical and the academic training will thus produce graduates who can work in any environment - urban or rural academic Institutions or community Hospitals.

LIBRARY:

A centrally air-conditioned large Library, known as Sri Ramachandra-Harvard Learning Centre is ideally located in an area of 40,000 sq.ft. The students and faculty gain free access to a large collection of Medical and related books and journals gathered over a period of 30 years which provide rich study and reference material. The Library has a good stock of audio and video-cassettes on various subjects and facilities for microfiche access. The “e-Learning Resource Centre” with 48 new updated systems and Wi-Fi facility with access to Medlars, Internet and CD-ROM facilities. It is an excellent learning centre in which a huge collection of models of anatomical interest are also exhibited for the benefit of the students and faculty. Apart from this, book bank services are also available for the students. In addition to hard copies, almost 1,000 journals are also available online at the active learning centre through “ProQuest & MEDLARS”, where unlimited access is available to the students.

HOSTELS:

There are separate hostel facilities for both men and women students with 3,264 single rooms inside the campus to accommodate undergraduate and postgraduate students in medical and other disciplines. The campus has continuous running soft water supply and power supply. The avenues of trees and green plants give a resort-like-ambience which is highly conducive to pleasant learning and peaceful living within the campus. Hostels are also equipped with internet facility for the benefit of the inmates.

SRI RAMACHANDRA HOSPITAL:

Sri Ramachandra Hospital is a major Tertiary care and referral centre located within the University campus. The Hospital caters to the needs of the students for their learning and training in various specialities. Placed in a suburban locality and amidst major highways, the hospital serves a cross section of the community belonging to every economic segment of the

society. On an average 4,500 patients visit the out-patient facility everyday. The diagnostic capability available at the hospital is comparable to any University Hospital in any advanced country. The sophisticated clinical laboratory, AABB accredited blood bank and a wide range of imaging facilities including C.T. Scan, MRI, Multi Detector Slice Spiral CT, Cardiac Angiography, Cerebral Angiography and Gamma Camera add to the diagnostic armamentarium of the Hospital.

The Neurology Laboratory, Pulmonology Laboratory, Non-invasive and invasive Cardiac Laboratories have all been developed to the current state-of-the-art level. The most modern operation theatres, ICU and Critical Care beds add to this unique facility. The students have unlimited opportunities to learn in this modern hospital. Similarly, specialities have grown in the last 30 years in every facet of medical advancement. The Cardio Vascular & Thoracic Surgery programs have already reached a significant level of perfection as also the other major divisions like Vascular Surgery, Neuro Surgery Interventional Neuro Radiology, Critical Care Medicine, Reproductive Medicine and transplantation services.

Clinical Skills Labs in several departments like Orthopaedics, General Surgery, Obstetrics and Gynaecology, ENT provide opportunities for postgraduate students to acquire the much sought after practical skills in complex surgical procedures.

TELEMEDICINE:

The University has national level visibility as a centre of excellence in exploiting Information Technology to the hilt, by establishing state-of-the-art Telemedicine facility through Satellite, ISDN lines and Internet connectivity. In addition, the University is a member of the PAN-African Network in telemedicine. Both students and the faculty benefit from Tele-Medicine Centre which is well connected with various national and international Institutions.

FACULTY OF DENTAL SCIENCES:

Faculty of Dental Sciences was started in 1995 and it is now having more than 3,82,072 sq.ft. of built up area. The Faculty of Dental Sciences has a total sanctioned annual admission of 100 students for the undergraduate Degree course and 28 students for the eight postgraduate specialities. The faculty of Dental Sciences is recognised by the Dental Council of India and also by the relevant Councils of Malaysia and Sri Lanka. It has entered into MoUs with University of Hong Kong, Kyushu Dental College, Japan, the University of Sheffield - School of Clinical Dentistry and National University of Taiwan.

CLINICAL SERVICES:

Nine individual dental departments offer a variety of treatment modalities with strict quality control regimen to more than 500 out-patients everyday. The diagnostic and treatment standards offered are comparable to modern International standards. The departments are equipped with more than 336 Dental chairs with state-of-the-art equipment and good metal and ceramic laboratory support.

Apart from regular teaching needs, the Department of Oral Pathology has excellent diagnostic facilities that include a five-headed microscope with an image analyzer. The Department of Oral Medicine & Radiology has state-of-the-art diagnostic equipment like RVG, Intraoral camera and digital cephalogram. The Oral and Maxillofacial Surgery Department has an excellent operation theatre and in-patient ward. The Department of Conservative Dentistry and Endodontics is equipped with materials of International standards aiding in high quality Dental care. Free Dental camps are organised for all the schools and villages within a 5 km radius of the campus by the Department of Community Dentistry. This Department also has a satellite centre functioning in Ashok Nagar, Chennai. The latest dolphin imaging software in the Department of Orthodontia, provides accurate treatment planning for its patients. The Prosthodontic Department is actively involved in delivering state-of-the-art orofacial prostheses and dental implants for patients with prosthetic needs. The pride of the Department of Periodontics is its work on regeneration implants, periodontal medicine and its excellence in the field of research. The Department of Pedodontics treats children, including those with special needs, stressing on preventive dentistry.

The objective of the curriculum is to produce dental surgeons with sound background in theoretical, practical and clinical aspects of diagnosis, prevention and treatment of dental and oral diseases. In addition to didactic lectures, demonstrations on phantom head, dummy models, group discussions, seminars and chair-side workouts like OSPE and OSCE are carried out. Students have the opportunity to treat patients from diverse socio-economic strata with a majority belonging to lower socio-economic group.

The undergraduate and postgraduate students are also encouraged to participate in conferences and all the academic activities conducted by other colleges and institutions both at national and international levels. Many students have won laurels and awards in seminars and conferences and proved their academic excellence. Students in postgraduate courses are trained for management of advanced clinical situations pertaining to their speciality in dentistry.

ICMR FELLOWSHIP FOR INTEGRATED Ph.D.:

Five ICMR Fellowships are available each year for those undergoing the M.D./M.S. Degree courses for simultaneously doing the Integrated Ph.D.-M.D./M.S. (5years) programme. For more details, visit the University website, www.sriramachandra.edu.in

SRI RAMACHANDRA UNIVERSITY CENTRAL RESEARCH FACILITY:

Sri Ramachandra University has established the Central Research Facility (CRF) in the year 2007 as the “A to Z gateway” for research, to take care of all logistics of research planning, research projects administration, research documentation, providing centralized sophisticated equipment facility and University-Industry Liaison Centre with IPR/Patents Cell on a ‘ready to use platform’ to the entire University.

The ‘Research Vision’ of Sri Ramachandra University is to evolve the University as an “International Centre of Excellence in Translational Medical Education & Research and Biomedical Nanotechnology”.

CENTRE FOR TOXICOLOGY AND DEVELOPMENTAL RESEARCH (CEFT)

A world class fully air-conditioned “Central Animal Facility for Developmental Research and Toxicology” with all facilities for breeding, maintenance, experimentation and laboratory studies has been developed exclusively in a plinth area of 23,000 sq.ft. This pre-clinical animal facility coming under ABSL-2 category is utilized for experimental research in accordance with the principles of good laboratory practices (GLP) and CPCSEA guidelines of the Government of India. Further, it facilitates research and development in partnership with academic institutions, industries and funding agencies for drug discovery-cum-validation and devices of translational medical research. The Centre is also involved in skilled manpower development through education and training in laboratory animal care and experimental techniques.

The facility has exclusive areas for new animals quarantine and holding. Animals certified healthy, by the clinical veterinarian, are only used for research. Separate study rooms have been established to carry out acute and long term experiments. Individually ventilated cages are installed to house immune-compromised (athymic or SCID) animals. Separate rooms for small animal surgery, bleeding and necropsy are provided. Dedicated preclinical labs such as clinical chemistry, small animal pathology, animal cell culture and molecular biology are in place to support the research needs of students and faculties of the University.

CEFT effectively follows 3R's principle of animal use: Replacement, Reduction and Refinement.

The National GLP Compliance Monitoring Authority, DST, Govt. of India has certified the centre and Sri Ramachandra University is the first Medical University in India to get the GLP certification.

RAGGING:

Ragging is strictly prohibited in the University Campus. Sri Ramachandra University strictly enforces anti-ragging measures and the campus is free from any form of ragging. Any violation will be dealt with according to the law in force and as per directives of the Supreme Court of India.

The University has adopted the “Medical Council of India (Prevention and Prohibition of ragging in Medical College / Institutions) Regulations, 2009” and “UGC Regulations on curbing the menace of Ragging in Higher Educational Institutions, 2009” and these Regulations shall be applicable to all students.
