

### Ongoing research projects in our department:

S.no	Title	Principal investigator	Guide/, Co-guide
1.	Clinico-epidemiological and histopathological study of lichen planus	Dr. Banu Priya	Dr. S. Anandan
2	Study of association of dyslipidemia in male androgenic alopecia patients in tertiary care centre	Dr. Harshatha N	Dr. Murugan S
3.	Clinico-bacteriological study of pyoderma in a tertiary care centre	Dr. Bushra Munna	Dr. Sudha R
4.	Clinical profile of cutaneous adverse drug reactions in a tertiary care hospital	Dr. Abiram Ponnuswami	Dr. Mahalakshmi V
5.	Study of non- venereal genital dermatoses in males in a tertiary care hospital	Dr. Sukesh Gautam	Dr. Adikrishnan S
6.	Clinical study of skin changes in chronic alcoholics	Dr. Zeenath Begum	Dr. Krishnakanth M
7.	A study to assess the impact of androgenetic alopecia on the quality of life among patients attending a tertiary healthcare center	Dr. Ibrahim Yahya	Dr. S. Anandan
8.	A study of adverse events associated with methotrexate in psoriasis patients in a tertiary care center	Dr. Maitreyi P	Dr. Murugan
9.	A clinical study of pattern of dermatoses in adolescents attending a tertiary care centre	Dr. Mathumathy R	Dr. Sudha R
10.	Cutaneous manifestations of patients with obesity attending dermatology OPD in a tertiary care centre	Dr. Azra Fathima	Dr. Mahalakshmi V
11.	Clinico-microbiological study of onychomycosis	Dr. Nithila R	Dr. Adikrishnan S
12.	A clinical study of pattern of lip dermatoses in patients attending a tertiary care center	Dr. Vishu Priya	Dr. Krishnakanth M
13.	Clinical study of cutaneous manifestation in geriatric patients attending the dermatology OPD in tertiary care centre	Dr. Misbah Dulvi	Dr. S. Anandan

14.	A study of correlation between hsCRP and metabolic syndrome and disease severity of psoriasis patients in a tertiary care centre.	Dr. Naman Lohani	Dr. Murugan
15.	Clinical study of hyperpigmentary disorders in pediatric age group in a tertiary care centre	Dr. Namrita	Dr. Sudha R
16.	A clinico-investigative study in women presenting with abnormal vaginal discharge.	Dr. Siham Afreen	Dr. Mahalakshmi V
17.	Clinical study of vitiligo and its association with thyroid dysfunction in patients attending the OPD of tertiary care hospital in india	Dr. Soumya Kanti Datta	Dr. Adikrishnan S
18.	A clinical study of palmoplantar dermatoses in patients coming to dermatology OPD in a tertiary care centre.	Dr. Pragna Surapaneni	Dr. Krishnakanth M

### **Ongoing PhD project :**

Title	Principal investigator	Guide/, Co-guide	Year
A study to evaluate genetic and biochemical parameters as risk factors among young patients of androgenic alopecia attending a tertiary care centre	Dr. Ibrahim Yahya	Dr. S. Anandan, Dr. Solomon Paul FD	From 2018
