Dept. of ENT & SLHS conducted Speech and Hearing Screening Camps on 16th & 18th October 2019 and 13th, 20th & 27th November 2019 to identify and recommend intervention programs for children with hearing loss

below the age of six years at Kancheepuram and Thiruvallur districts. District differently abled welfare officer, a team of doctors, audiologists, habilitationists and students from Depts. of ENT and SLHS participated. A total of 184 children with hearing impairment and special needs benefitted. The activities included ENT examination, audiological screening and otoacoustic emission. 14 children were identified as potential candidates for surgical intervention through the Tamil Nadu Chief Minister's Comprehensive Health Insurance Scheme (TNCMCHIS) for cochlear implants. The other patients were counseled regarding the rehabilitation process and also linked with the District Differently Abled Welfare Officer (DDAWO) to avail other benefits from the government.
