

List of recognized research supervisors and vacancy for supervising Ph.D. scholars for October 2023 session
This list is updated as of 05th Sep 2023

NAME OF THE SUPERVISOR	EMAIL ID	FACULTY	Broad Area of Research	Status of research	Title	NO. OF STUDENTS GUIDED	AVAILABLE SLOTS
Dr Pitchaimani G	pitchaimani.g@sri ramachandra.edu.in	Sri Ramachandra Faculty of Allied Health Sciences	Community Health, Sociology Of Health, Physiotherapy (Disability Studies)	Ongoing	Health related quality of life among adults with stroke and their caregiver burden in a tertiary care center, south India	1	5
Dr Vijayalakshmi P	vijayalakshmiianbu@gmail.com	Sri Ramachandra Faculty of Allied Health Sciences	1. Yoga 2. Health Psychology 3. Counselling Psychology 4. Neuropsychology	Ongoing	Cognitive Psychology	1	5
Dr Hemamalini A J	hemamalini.aj@sri ramachandra.edu	Sri Ramachandra Faculty of Allied	Clinical Nutrition Which Includes Surgical, Gastroenteraology, Nephrology, Dentistry, Pulmonology Etc 2	Completed	Role of salivary appetite regulatory hormones on childhood obesity and the impact of a diet based lifestyle intervention program on these hormones of obese children	5	1
				Completed	Development of a vitamin D fortified snack and evaluating its influence on vitamin D status and bone matrix among adolescents		
				Ongoing	A Prospective study on impact of nutritional supplementation and education on cognitive and nutritional status of subject with mild cognitive impairment		
				Ongoing	Effect of Probiotic enhanced prebiotic, a synbiotic therapy in reducing uremic toxins and chronic kidney disease progression		

	in	Health Sciences	<p>Paediatric Nutrition 3. Community Nutrition 4. Nutraceuticals</p>	<p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p>	<p>Impact of pre and post operative nutritional intervention on the nutritional status of patients with Adenocarcinoma of stomach</p> <p>An invitro study to evaluate the activity of moringa oleifera extract on oxidative stress in HEPG2 cells, advanced glycation end product (age) components of selected high foods and age breaking activity in lymphocytes of obese adolescents.</p> <p>Influence of dietary intake of renal specific nutrients on the serum parameters of subjects with chronic kidney disease and development of standardization evidence based dietary plan mobile application</p>		
Dr Supriya V	supriya.v@sriramachandra.edu.in	Sri Ramachandra Faculty of Allied Health Sciences	Women'S Health And Nutrition, Sports Nutrition, Nutrigenomics, Endocrinology, Renal Nutrition	<p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p>	<p>Effect of phytoestrogen rich supplementation on menstrual irregularities, psychological stress and physical activity levels on women with PCOS</p> <p>Endocrinology</p> <p>PCOS</p> <p>Influence of nutritional supplementation on blood glucose levels in prediabetics</p> <p>Effectiveness of Fit4pedon – Mobile Application (app) and tailor-made Dietary plans on the Lifestyle Modification of Malnourished Childhood Cancer Survivors</p> <p>Nano zinc packaging as an advanced method to improve and increase the shelf life of packaged foods and study the</p>	6	0

Dr Gayathri G	gayathri.g@sriramachandra.edu.in	Sri Ramachandra Faculty of Allied Health Sciences	Pediatrics, Endocrinology, Obstetrics And Gynaecology, Orthopaedics	Ongoing	A Comparative study on infant and young child feeding (IYCF) Knowledge and practices among rural and urban mothers and child outcomes	5	1
				Ongoing	Nutritional Plant Supplement on bone Health		
				Ongoing	Impact of diet based essential amino acid supplementation on plasma amino acid profile and behavior aspects in children with autism spectrum disorder		
				Ongoing	Educational intervention on consumption of Moringa oleifera, Cardiospermum halicacabum, Cissus quadrangularis and its effect on musculoskeletal disorder among women, at Cheyyur – A quasi-experimental study		
				Ongoing	Effect of dietary vitamin D2 supplementation on vitamin D status in post - menopausal women		
Dr Mathangi D C	dcmathangi@sriramachandra.edu.in, dcmathangi@gmail.com	Sri Ramachandra Faculty of Allied Health Sciences	Sleep, Stress, Relaxation Techniques	Ongoing	Adolescent Stress	3	3
				Ongoing	Cardiac Autonomic status in special condition		
				Ongoing	A Longitudinal study on the impact of simplified Kundalini yoga practices in holistic wellbeing		
Dr Narasimman Swaminathan	narasimmansnathan@sriramachandra.edu.in	Sri Ramachandra Faculty of Allied Health Sciences	1. Physical activity Promotion 2. Health Professional Education 3. Cardiopulmonary Physiotherapy.	-	-	-	6
				Completed	A study to measure outcome of voice therapy in facilitating vocal health in teachers with voice problems.		

Dr Prakash B	prakash_boominathan@sriramachandra.edu.in	Sri Ramachandra Faculty of Audiology and Speech Language Pathology	Voice And Its Disorders, Professional Voice, Speech Sciences/Speech Acoustics, Fluency & Its Disorders	Completed	Auditory development responses in full term, late preterm (including moderately preterm) and very preterm infant: Acomparative study)	3	3
				Completed	Caregiver-child interaction in typically developing children and children with autism		
				Completed	Comparison of vocal exercise program (VEP) and vocal hygiene program (VHP) in facilitating vocal health in female teachers with voice problems- A randomized controlled trial		
				Ongoing	Objective parameterisation of subjective stroboscopic ratings using videostrobokymography		
				Ongoing	Construction and validation of a tool to assess readiness and barriers to voice therapy among school teachers		
				Ongoing	Development and validation of a scale to assess readiness and barriers to voice therapy among Indian singers		
Dr Lakshmi Venkatesh	lakshmiv@sriramachandra.edu.in	Sri Ramachandra Faculty of Audiology and Speech Language Pathology	Child Speech- Language Development And Disorders; Feeding And Swallowing Disorders	Ongoing	Noun and verb inflectional morphology among tamil-speaking 3-years-old children with and without language delay.	4	2
				Ongoing	Speech language & literacy outcome among children using cochlear		
				Ongoing	Effects Of An Oraal-Motor Intervention Protocol On Short- and Long-Tearm Feeding Among Very Low Birth Weight (VLBW) Preterm Infants		

				Ongoing	Dysphagia intervention for Patients with Head and Neck Cancer treated with Chemoradiation Therapy		
Dr Vidya Ramkumar	vidya.ramkumar@sri ramachandra.edu.in	Sri Ramachandra Faculty of Audiology and Speech Language Pathology	Community -Based Early Intervention Using Ict, Telepractice, M-Health, E- Health, Public-Private Partnership, Translational Research	Ongoing	Development and evaluation of a training module for grass root workers in using a low-cast tablet based hearing and speech language screening device in rural areas in Tamil Nadu	3	3
				Ongoing	Validation of a mobile/tablet based hearing screening device for accuracy, acceptance and usability to screen children below 6 years of age in rural communities by grass root workers		
				Ongoing	Qualitative and quantitative tele Practice Planning Assessment for Audiology and Speech Language Pathology Services in the Public Sector of Tamil Nadu		
Dr Perumal R C	rcperumal@sriramac handra.edu.in	Sri Ramachandra Faculty of Audiology and Speech Language Pathology	Clinical Phonology, Childhood Language Disorders-Autism Spectrum Disorders, Adult Language Disorders - Aphasia, Neurogenic Speech Disorders-Parkinson'S Disease	Ongoing	Pragmatic production and comprehension in hindi speaking neurotypical adults.	3	3
				Ongoing	Early literacy skills in Typically developing Malayalam-speaking Children		
				Ongoing	Complex language skill in 8 to 12 year old malayalam speaking children.		
		Sri Ramachandra Faculty of Audiology	Auditory Processing Disorders, Speech	Ongoing	Effect music training on auditory processing and cognitive skills in older adults with normal cognitive function		

Dr Ramya V	ramyavaiyanan@sriramachandra.edu.in	Faculty of Audiology and Speech Language Pathology	Disorders, Speech Perception, Cognitive Hearing Science	Ongoing	Electrophysiological Measurement of listening effort under different listening conditions	3	3
				Ongoing	Listening effort for speech in degraded condition – A comparison between musicians and non-musicians		
Dr Gnanasambandan R	gnans05@gmail.com	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Biomedical Sciences and Technology	Ongoing	Identifying the association between ACE, TGF β 1 gene and nephropathy	1	5
Dr Arunasalam M Dharmarajan	a.dharmarajan@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Wnt Signalling, Wnt Antagonist Sfrp4, Cancer, Cancer Stem Cells, Redox Signalling	Ongoing	The Interaction between Wnt antagonist Secreted Frizzled Related protein 4 (SFRP4) and Wnt Signaling in the pathophysiology of Ovarian Cancer	1	5
Dr Sumathy A	sumathyjoseph04@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	1. Molecular Signaling In Cancer Biology 2. Metal Toxicity Studies In Zebrafish Embryo Model 3. Phytotherapy For Obesity & Diabetes Mellitus 4. In-Silico Docking & Drug Development	Completed	Anti-adipogenic potential of natural phytochemicals as regulators of adipocyte differentiation, antioxidant status and gene expression profile in 3T3-L1 adipocytes	2	4
				Ongoing	Anticancer activities of bacosides enriched extract against prostate cancer cell lines		
				Ongoing	Role of vitamin D against advanced glycation end products (AGEs) induced rage expression in colon cancer		
Dr Natarajan Bhaskaran	natarajanbhaskaran@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Immuno-Oncology, Cancer Chemoprevention, Obesity And Inflammation/Cancer, Aging, Epigenetics.	Ongoing	Evaluating the antioxidant genes in the oral cancer tissues and the effect of Phenoxodiol on regulating the reactive oxygen species (ROS) and apoptosis in oral cancer cells	1	5

Dr Kaviarasan K	kkavi@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	I) To Establish The New Predictive/Early Biomarker For Diabetic Retinopathy, Diabetic Nephropathy, Diabetic Cardiomyopathy, And/Or Other Diabetic Complications Ii) To Develop New Therapeutic Drugs For The Treatment Of Diabetes And Its Complications. Iii) Ocular Proteomics And Lipidomics	Ongoing	Imbalance of pro and anti-inflammatory bioactive lipids, reverse cholesterol transport(HDL function) in the progression of prediabetes to type 2 diabetes mellitus	3	3
				Ongoing	Identification and validation of differentially expressed proteins from advanced maternal age pregnancy as biomarkers for risk screening of certain childhood anomalies		
				Ongoing	Proteomic studies on microvascular Cells in Diabetes Associated Complications		
Dr Lakshmi Revathi Perumalsamy	lakshmi@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Signal Transduction, Immune Cell Fate, Cancer - Tumor Microenvironment	Ongoing	The role of notch signaling in regulating altered metabolic state of breast cancer	3	3
				Ongoing	Characterization of RAS association (RALGDS/AF-6) domain family member 9 (RASSF9) in gastric cancer tumorigenesis		
				Ongoing	Characterization of RAS (RalGDS/AF-6) associated domain family 7 (RASSF7) in breast cancer		
Dr Deepa Parvathi V	deepaparvathi@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Human Genetics, Cancer Biology, Nanobiotechnology, Drosophila And Zebra Fish Biology	Ongoing	Larvicidal and adulticidal property of essential oil nanoemulsion: A promising outcome for vector control	4	2
				Ongoing	The SNCA gene (α -synuclein) axis in the progression of Parkinson's Disease using transgenic fly model		
				Ongoing	Isolation, characterization and impact of microplastics from commercially available packaging containers		
				Ongoing	Nutrigenomic Studies in Drosophila melanogaster as a tool to understand anti-ageing		

Dr Charles Emmanuel Jebaraj W	cejwalter@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Cancer Research, Microrna Biology, Metabolic Diseases, Neuroscience	Ongoing	Micro-RNA SNP Analysis in ovarian cancer	3	3
				Ongoing	Investigating the Role of miRNA biogenesis microprocessor gene Polymorphisms in Bladder Cancer from an Indian Sub-population: A Case-Control study		
				Ongoing	Association between microRNA cluster gene and single nucleotide polymorphism in colorectal cancer from an Indian Sub-Population: A case-control study		
Dr Arun V	arun.v@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	1) Plant Biotechnology; 2) Nanodiagnosics; 3) Genetic Engineering	Ongoing	Isolation and characterization of plant	5	1
				Ongoing	In-vitro propagation of commiphora species (Guggul) and pruduction of guggulsterone		
				Ongoing	Plant Molecular Genetics		
				Ongoing	Isolation, expression and functional characterization of cyp gene from coleus aromaticus Benth		
				Ongoing	Development of a visual detection method using functionalized gold nanoparticles for the identification of begomovirus diseases in Abelmoschus Esculentus.”		
Dr Mary Elizabeth Gnanambal K	drelizabethrajesh@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	1. Molecular targeting of cancers using marine small molecules. 2 Hexadecane degradation using recombinant Pseudomonas in treating oil refinery effluents	Ongoing	Cloning and overexpression of rhamnolipid Synthesizing Genes in pseudomonas guguanensis for enhanced n-hexadecane removal in marine simulated ex-situ models	1	5
				Ongoing	Bacillus species as health supplements in medicine		

Dr Elavarashi E	elavarashi@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Bacillus Species As Health Supplements In Medicine, Functional Importance Of Bacillus Species In Biotech Industry	Ongoing	Evaluation and selection of potent bacillus from human feces as health supplements in medicine	4	2
				Ongoing	Isolation and characterization of biosurfactant from bacillus species as a biocontrol against dental pathogens		
				Ongoing	Evaluation and selection of potent Bacillus coagulans and Bacillus subtilis from soil as probiotics for human consumption		
Dr Magesh R	magesh.r@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Microbiology, Plant Based Extraction And Its Pharmaceutical Properties, Computer Aided Drug Design, Mutation Analysis And Structure Based Drug Design	Ongoing	Characterising the Mutational Landscape of selected Lysosome Disorders	4	2
				Ongoing	A Computational approach to decipher the impact of missense mutations gonadotrophic disorders		
				Ongoing	Computational methods for Multi-Target drug designing against Mycobacterium tuberculosis using natural compounds		
				Ongoing	Characterising the Mutational Landscape of selected Lysosome Disorders		

Dr Benedict Paul C	benedictpaulc@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Characterization of the molecular interactions of phytochemicals to be used as potential Aromatase Inhibitors for Breast Cancer evaluating the impact of Single Nucleotide Polymorphisms on aromatase using computational tools. Investigation of the prevalence of the virulence factors of Enterococcus faecalis in medical and environmental samples using PCR and submission of the gene sequences to the Nucleotide database of NCBI.	Ongoing	Trace elements contribution in neuronal abnormalities	1	6
Dr Solomon F D Paul	paul@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Radiation Genetics, Molecular Aspect Of Complex Diseases, Tissue Engineering	completed	Study of pharmacogenetic factors affecting transport, metabolism and regulation of 6-mercaptopurine and methotrexate in childhood acute lymphoblastic leukemia	2	4
				Ongoing	A Genetic Epidemiologic investigation of latent autoimmune diabetes of adults (LADA) in Indian population		
				Ongoing	Radioprotectants		
Dr Venkatachalam P	venkip@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences	Radiation Biology, Genomic Instability And Second Malignancy, Health Effects	Ongoing	Gene expression biomarker for rapid triage of radiation exposed population	3	3
				Ongoing	Studies on radiation induced adaptive response and its implication on cancer radiation therapy		

		and Technology	Of Low Dose Radiation	Ongoing	“Assessment of geometrical dose distribution, DNA damage and stochastic risk prediction in pediatric subjects undergoing computed tomography”		
Dr Ravi M	mravi@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	3-Dimensional Cell Cultures For Cancer Research; Blood Group Associations With Human Cancers, Novel Assay Development For Genotoxicity Testing/Detection (Prophasing Interphase Chromatin For Genetic Assessments)	-	-	-	6
Dr Rajesh Kumar G	rajesh.gandhirajan@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Cancer Metabolism, Inflammation, Cold Plasma, Free Radical Signaling, Translational Research	Ongoing	Oxidant induced metabolic alterations in primary acute myeloid leukemia and acute lymphoblastic leukemia	2	4
				Ongoing	Identification of metabolic dependencies during acquired radioresistance in cancer cell lines		
Dr Vettriselvi V	vettriselviv@sriramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Gene Expression , Mutation, Polymorphisms In Complex Disorders. Mirna Profiling Studies	Completed	Identification, validation and functional assessment of microRNA panel associated with prostate cancer	1	5
				Completed	Characterization and profiling of multidrug resistant tuberculosis: A bioinformatics study.		
				Ongoing	Role of miRNA Polymorphisms in Coronary Artery Disease		
				Ongoing	Evaluation of dietary antioxidants for scavenging free radicals induced by physical/chemical/ionizing radiation using invitro approach		

Dr Vijayalakshmi J	vijayalakshmi.j@sri ramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Reproductive Genetics, Cytogenetics, Radiation Biology	Ongoing	Comparison between various dose response curve(s) obtained using cytogenetics biomarkers on cells exposed to ionizing radiation(In-Vitron)	3	3
				Ongoing	Aneuploidy and Y chromosome microdeletionScreening in infertile men		
Dr Teena Koshy	teenak@sri ramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Genomic And Genetic Basis Of Human Diseases.	Ongoing	Whole Exome Sequencing study of Parkinson's disease and related endophenotypes in Indian population	3	3
				Ongoing	An Integrated Clinical and genetic study of dystonia in Indian patients		
				Ongoing	Susceptibility to pediatric acute lymphoblastic leukemia: A study on the influence of genetic polymorphisms		
Dr Andrea Mary F	andreamary@sri ramachandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	Molecular Genetics, Biochemical Genetics, Cancer Biology	Ongoing	Development of a rapid cytogenetic assay for prophase human lymphocyte interphase chromatin towards assessment of primary DNA damages	2	4
				Ongoing	Developing physiologically relevant in vitro models for studying Triple Negative Breast Cancers using 3 Dimensional cultures of cell lines and spheroid chips – A translational cancer research		
Dr Bhagavathy S	drbhagavathy@sri ramachandra.edu. in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	1. Phytomedicine 2. Cancer Biology 3. Clinical Biochemistry 4. Cell signalling 5. Nanomedicine	-	-	-	6

Dr Sumitha R	sumithar@srirama-chandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	1. Medical and Applied Microbiology 2. Microbial biotechnology 3. Cancer Immunology	-	-	-	6
Dr. kumar Perumal	kumar.p@srirama-chandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	1. Whole genome sequence analysis of soil microbes 2. Characterization of biosynthetic gene clusters in soil clusters in soil microbes for animal feed additive 3. Drug resistant and virulence genes of Escherichia coli 4. In silico genome mining of potential novel biosynthetic gene clusters for drug discovery.	-	-	-	6
Dr.Sudha Warriar	sudhawarrier30@gmail.com	Sri Ramachandra Faculty of Biomedical Sciences and Technology	1. Cancer stem cells 2. Adult and Pluripotent Stem cells. 3. Neurodegeneration. 4. Cardiovascular Regeneration. 5. Wnt Signaling Pathway in Development and Disease	-	-	-	6
Dr. Udhaya Lavinya B	udhaya.lavinya@srirama-chandra.edu.in	Sri Ramachandra Faculty of Biomedical Sciences and Technology	1. Phytomedicine research 2. Heoatotoxicity 3. Nephrotoxicity 4. Computational Biology				

Dr Balaji Raghavendran H	h.balaji@sriramachandra.edu.in	Sri Ramachandra Faculty of Clinical Research	Regenerative Medicine, Biomaterials For Orthopedics And Tissue Wound, Pre-Clinical Trials, Marine Natural Products Research.	Ongoing	Development, characterization and osteogenic potential of 3D scaffold with electrospun fibrous sheet seeded adipose derived mesenchymal cells-Invitro and Invivo studies	1	5
Dr Vinoth Kumar L	vinoth.lakshmanan@sriramachandra.edu.in	Sri Ramachandra Faculty of Clinical Research	Prostate Cancer Research	-	-	-	6
Dr Alan Mathew Punnoose	alan@sriramachandra.edu.in	Sri Ramachandra Faculty of Clinical Research	Biomaterials And Stem Cells In Wound Healing, Cardiovascular Tissue Engineering And Diabetes	Ongoing	Differentiation of mesenchymal stem cells of human adipose and perinatal origin for cardiac regeneration: a biomimetic and electro- chemical stimulation approach	5	1
				Ongoing	"Effect Of Polyphenolic acetates(7,8-diacetoxy-4-methylcoumarin(DAMC) and 7,8- diacetoxy-4-methylthiocoumarin (DAMTC)) on stemness and differentiation potentials of mesenchymal stem cells derived from different sources"		
				Ongoing	"Establishment of potency enhances neurons from wharton's jelly mesenchymal stem cells in 3D cultures"		
				Ongoing	Assessment of injectable smart scaffolds enhanced with specialized Pro resolvin mediator in a root dentin – resorption model and periodontal stem cell-macrophage co-cultures.		
				Ongoing	"Human Extracellular Matrix Derived Electrospun Tubular Scaffolds enhanced with Nanocoatings for Vascular Tissue Engineering."		
				Ongoing	Role of cytokine genes in paediatric syndrome		

Dr Mohana Priya C D	mohanapriya@sriramachandra.edu.in	Sri Ramachandra Faculty of Clinical Research	A) Genomics And Molecular Biology Studies In Pediatric Nephrology B) Genetic Studies In Kidney Diseases C) Biomarker Identification In Nephrotic Syndrome	Ongoing	A study on role of CPY3A genes (CYP3A4, CYP3A5, CYP3A7) as prognostic marker in childhood nephrotic syndrome	4	2
				Ongoing	Role of Inflammatory markers in childhood nephrotic syndrome		
				Ongoing	Role of microRNAs and their target genes in childhood Nephrotic Syndrome		
Dr Gayathri. V	gayathriv@sriramachandra.edu.in	Sri Ramachandra Faculty of Clinical Research	Preclinical Studies Both Invitro And Invivo Using Small Animals, Pharmacology Work, Natural Medicines	Ongoing	Drug evaluation against alopecia treatment	5	1
				Ongoing	Potential utility of a poly-herbal formulation in the management of cholesterol induced atherosclerosis- A preclinical approach		
				Ongoing	Regulation of JAK-STAT signalling pathway by polyherbal formulations in the management of rheumatoid arthritis using small animal models		
				Ongoing	Evaluation of Autism Spectrum Disorder (ASD) using Robust Animal Model with Novel Approach of Prophylactic Management in Pregnant Rats		
Dr Arathi G	arathiganesh@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Inflammatory Markers In Endodontics,Alternative Modes Of Disinfection In Endodontics And Herbal Endodontics	Ongoing	Characterisation and enhancement of bioactive potential of new generation resin composite restorative materials during salivary pH changes in the oral cavity	1	5

Dr Mathan Rajan R	drmathanrajan@gmail.com	Sri Ramachandra Dental College and Hospital	Dental Caries Prevention, Pharmacognasy In Endodontics	Ongoing	Evaluation of Pericervical Dentin and its Influence on Fracture Resistance of Adhesively Restored Endodontically Treated Mandibular Second Primary Molars	1	5
Dr Ravindran C	dean.dental@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Craniofacial Trauma, Reconstructive Surgery, Bone Regeneration	Ongoing	Development and Characterization of a Chicken Egg Membrane and to assess its efficacy as Guided Bone Regeneration membrane – An Invitro study	1	5
Dr Naveen Kumar J	naveenkumarj@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Bone Regeneration , Regenerative Maxillofacial Surgery , Distraction Osteogenesis, Craniofacial Surgery	Ongoing	Effect of Different Combinations of Electrical Current Strength and Density on Bone Cells	2	4
				Ongoing	A Study on the Biomechanics of Mandibular Transport Distraction Segment in Regeneration across Midline and Development of a Prototype Device		
Dr Giri G V V	drgvgiri@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Oral Oncology - Minimal Access Surgery In Head & Neck Cancer-Navigation Surgery-Tmj Joint Replacement Surgery-Molecules & Genetic Studies In Oral Oncology, Trauma, Minor Oral Surgery Implants	Ongoing	Oral health of Medically Compromised Children	3	4
				Ongoing	Effect of magnesium containing bioactive glassess on polymer induced liquid precursor based remineralization of dentin-an invitro study		
				Ongoing	Title “In vitro evaluation of osteo regenerative activity of therapeutic drugs on cell lines with experimental diabetes for dental implants.”		

Dr Emmanuel Dhiravia Sargunam A	emmanuelazariah@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Maxillofacial Surgery, Computer Aided Surgery, Computer Aided Surgical Simulation, 3D Printing, Bone Regeneration, Minimal Access Surgery, Cell Culture, Hybrid Technologies	Ongoing	Assessment of Bone Regeneration and quality of new bone formation using Gelatine hydroxyapatite scaffold and Collagen hydroxyapatite scaffolds. A comparative study on animal model	1	5
Dr Sankara Aravind Warriar	aravindwarriers@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Oral Cancer And Precancer, Forensic Dentistry	Ongoing	Orofacial Pain -Temporomandibular disorder (TMD)	3	3
				Ongoing	Oral Health Related Quality of Life Before and After Restorative; Rehabilitative and periodontal treatments in the Elderly - A Comparative Analytical Study		
				Ongoing	Assessing gene expression in oral cancer		
Dr Malathi N	malathi.n@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Phytotherapy (Alternative Medicine), Potentially Malignant Disorders, Oral Cancer, Salivary Biomarkers, Oral Genodermatoses, Forensic Odontology	Completed	In-vitro anti-proliferatives activity of psidium guajava lead on oral squamaous	2	4
				Ongoing	Pharmacokinetic herb-drug interactions of selected drugs in diabetic animals		
				Ongoing	Formulation, Characterization and Preclinical Safety and Efficacy evaluation of Polyherbal Mucoadhesive gel for its Anti-fibrotic properties.		
Dr Sharada T Rajan	sharadarajan@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Oral Cancer, Cancer Biology, Salivary Biomarkers, Biomarkers Of Toxicology, Phytotherapy	Ongoing	Evaluation of In-Vitro anti oral cancer activity of red & brown marine algae available in south east indian coastal water	1	5
				Ongoing	Development and evaluation of a novel clear aligner with incorporated nano clay particles		

Dr Sridevi Padmanabhan	sridevipadmanabhan@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	White Spot Lesions; Retention ; Biomaterials	Ongoing	Longitudinal assessment of biochemical mediators over active and retentive phase of orthodontic treatment and to relate them to orthodontic relapse	3	3
				Ongoing	Identification of Genetic basis of Mandibular Canine Impaction and the development of prediction tools and interceptive protocols		
Dr Muthu M S	muthumurugan@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Early Childhood Caries	Completed	Development, validation and application of feeding at sleep time (FeAST) scale to assess role of sleep time feeding practices in early childhood caries	3	3
				Ongoing	Assessment and Evaluation Of Andrews Fifth Key to Normal Occlusion-A Study Cast & CBCT Analysis		
				Ongoing	Evaluation of interproximal contact areas as a risk factor for caries in children		
				Ongoing	Polymorphisms of Enamel formation genes in a South Indian Population with Early Childhood Caries: A Case – Control Study		
Dr Balaji S K	balajisk@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Pro-Medicine, Periodontal Regeneration, Phytochemicals In Periodontics	Ongoing	Assessing the prevalence of ankyloglossia and the association of ankyloglossia with malocclusion, pediatric sleep disordered breathing and oral hygiene in children	2	4
				Ongoing	Evaluation of anti- inflammatory, anti-microbial, properties of Syzygiumcumini (Jamun seed) in the form of local drug delivery agents - an invitro experimental and animal study		
Dr Vamsi Lavu	vamsilavu@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Genetics, Lasers In Dentistry, Precision Dentistry	Ongoing	Role of indoleamine 2, 3-dioxygenase (IDO) in periodontitis and type 2 diabetes melitus	1	5

Dr Kasim Mohamed K	kasimmohamed@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Prosthodontics, Maxillofacial Prosthetics And Dental Materials	Ongoing	Microbial and inflammatory marker profile in subgingival area of endodontically prepared teeth receiving porcelain fused metal crowns, zirconia crowns and peek crowns - A split mouth clinical trial	2	4
				Ongoing	"The Impact of Prosthetic Rehabilitation and Nutritional intervention on the Quality of life (QoL) in patients with acquired maxillary defects due to oral tumours – A Prospective clinical trial."		
Dr Anand Kumar V	anandkumar.v@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Dental Implant Osseo-Integration, Biomaterials In Implantology, Cognitive Function And Implantology, Occlusal Rehabilitations, Esthetic Dentistry And Fixed Restorations	Ongoing	Designing of biodegradable formulation to stabilize and enhance Bone morphogenetic protein in controlling crestal bone loss and biofilm formation around dental implant	1	5
Dr Shanmuganathan N	shanmuganathan.n@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Dental Materials,Tissue Engineering,Nanotechnology ,Maxillofacial Prosthetics	Ongoing	Analysis of the Oral Microbiome in Completely Edentulous Patients	2	4
				Ongoing	"The Efficiency of Silver & Zinc Oxide Nanoparticles Reinforcement on the Anti-Fungal & Mechanical Properties of Polymethyl Methacrylate Resin Prosthesis in Type II Diabetic Patients."		
Dr Rajeswari Gopal K	rajeswarik@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Biofilm, Herbal Endodontics	-	-	-	6
Dr Rupa A	rupa@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Endodontic Irrigants, Dental Cares, Dental Materials	-	-	-	6
Dr Preethi V	preethiv@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Endodontic Irrigants, Instrument Retrieval, Systematic Review	-	-	-	6

Dr Anbaarasi K	kanbarasi@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Dental Education, Mucosal Disorders, Oral And Systemic Health	Ongoing	Higher order surgical skill teaching for maxillofacial postgraduates in early oral cavity cancers	2	5
				Ongoing	Emotional intelligence training and performance outcomes in dental education		
Dr Thamizhchelvan H	hod.oralpathology@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Oral Cancer, Oral Potentially Malignant Disorders, Salivary Biomarkers, Oral Genetics, Oral Health In Systemic Diseases, 6. Cell Culture And Tissue Engineering	Ongoing	Estimation and comparison of interleukins (6,17) and distribution pattern of civatte bodies in erosive and non erosive forms of oral lichen planus	4	2
				Ongoing	Expression of mTOR, tumor environment stromal markers in Oral Squamous Cell Carcinoma		
				Ongoing	Evaluation of nonmetric dental traits of persons of south Indian origin		
				Ongoing	Forensic Odontology, Oral Pathology		
Dr Siva Subramanian C	sivasubramanian.c@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Cleft Lip And Palate Management, Distraction Osteogenesis, Orthognathic Surgery, Orthopedic Management Of Skeletal Malocclusion	-	-	-	6
Dr Deepak Moses Ravindran	deepak_perio@sriramachandra.edu.in	Sri ramachandra Dental college and hospital	Periodontology And Implantology	-	-	-	6
Dr Nizar Ahmed A	dennizar@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Surgical Periodontics, Implant Dentistry , Microbiology	-	-	-	6

Dr Karthigeyan J	karthigeyan.j@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Implantology, Esthetic Smile Designing, Maxillofacial Prosthetics	-	-	-	6
Dr Raj Kumar M	rajkumarm@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Experimental Studies, Questionnaire Surveys	-	-	-	6
Dr Rajeswari Gopal K	rajeswarik@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Biofilm, Herbal Endodontics	-	-	-	6
Dr Rupa A	rupa@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Endodontic Irrigants, Dental Cares, Dental Materials	-	-	-	6
Dr Preethi V	preethiv@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Endodontic Irrigants, Instrument Retrieval, Systematic Review	-	-	-	6
Dr Santhosh Kumar K	Santhoshkumark@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Different Minimally Invasive Extraction Techniques, Maxillofacial Trauma, Implants, Minor Oral Surgery, Tmj Dearrangement Management	-	-	-	6
Dr Anbaarasi K	kanbarasi@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Dental Education, Mucosal Disorders, Oral And Systemic Health	Ongoing	The unrecognized needs of oral cancer survivors and the professional support to enhance their quality of life	1	6
Dr Siva Subramanian C	sivasubramanian.c@sriramachandra.edu.in	Sri Ramachandra Dental College and Hospital	Cleft Lip And Palate Management, Distraction Osteogenesis, Orthognathic Surgery, Orthopedic Management Of Skeletal Malocclusion	-	-	-	6
Dr.Divyambika		Sri Ramachandra Dental College and Hospital	-	-	-	-	6

Dr Vanitha V	vanithav@sret.edu.in	Sri ramachandra Faculty of Engineering and Technology	1. Deep Learning Machine Learning Remote Sensing. 2. 3.	Ongoing	Artificial Intelligence Applications Healthcare	1	6
Dr Dicky John Davis G	dicky@sriramachandra.edu.in	Sri ramachandra Faculty of Engineering and Technology	Bioinformatics, Chemoinformatics	Ongoing	Transcriptome analysis of Gymnema Sylvestre	2	4
				Ongoing	Insilico Analysis of Anti-Obesity Compounds From Natural Resources
