Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>Institutional Facility for online delivery of e-content: SRIHER has established Learning Management System individually for Medical College (https://elearning.sriramachandra.edu.in/) and other Health sciences Institutes (http://hselearning.sriramachandra.edu.in/moodle/) since 2017. The teaching materials are uploaded in the LMS. Synchronous online lectures were conducted using Google meet and BigBlueButton tool embedded within LMS. Course learning outcomes are assessed through online assignments, MCQs and tests. Institute has a studio to record the lectures, established in collaboration with IIT, Madras and NPTEL which can record and also deliver course content to registered students. Due to the limitations of statutory regulatory authority / council guidelines Credit transfer / Online testing is restricted to Continuous Internal Assessment (CIA). The elective summative exams were conducted online through LMS successfully during the pandemic.</p> <p>Faculty Capacity Development: Around 90% of the faculty members are trained in developing and delivering e-content. Video tutorials are developed and hosted in institute's portal to train the faculty members. The online learning committee of the Institute conducted regular training sessions during the lockdown period. The faculty are abreast using various tools like Open Broadcaster Software, Screen Cast-o- Matic, Kahoot and Socrative.</p> <p>Organizational support: SRIHER has an online learning committee a wing of Sri Ramachandra Centre for health professional education to oversee the online teaching learning. Institute has a policy on online learning and e-content creation. Institute subscribes for software/platforms like knowledge presenter, Screen Cast-o-Matic, G Suit, Go to Webinar and PowToon for the online teaching learning. IT wing of the Institute maintains the LMS and other software used for delivering online courses.</p> <p>The facility created over years and being in continuous use enabled the Institute to quickly transform towards online teaching and learning. This enabled seamless education / training for students enrolled across the programs, minimizing the learning loss during the lockdown period.</p> <p>Implementation of online education: (especially during the Pandemic) Lecture classes and practical (demonstration) sessions were taken in synchronous(using Google meet) and asynchronous mode (using the LMS- MOODLE). Small group discussions, seminars, journal clubs were conducted by using the Big Blue Button of the MOODLE platform. For all the online classes, the recorded videos of the lectures/practical demonstrations were uploaded on the LMS. Lessons, interactive learning modules, instant assessments in the form of quiz, discussion forum, MCQs, assignments and other resources to support the students in the acquisition of knowledge and skills were used through the LMS. This happened across all the Faculties in the University, for both undergraduate and postgraduate students. Interns, postgraduates and the faculty were also kept abreast with current concepts by attending the series of national and international Webinars – 103 (using the Go to Webinar platform) organized by various departments, committees and forums.</p> <p>Online courses: The details of the NPTEL courses offered through the CBCS system are as follows: No. of students offered online courses which have credit transferred to transcript: 1035 Total no. of online courses which have credit transferred to the transcript: 134 Total no. of credits transferred to transcript: 361 Sri Ramachandra Faculty of Nursing offered 6 courses to the University of Muhammadiyah, Cirebon, Indonesia for 3 students enrolled in the BSc Nursing (basic) program under credit transfer programme, with total credit points of 16.</p>		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	2
