SRI RAMACHANDRA
INSTITUTE OF HIGHER EDUCATION AND RESEARCH
(Deemed to be University)
Porur, Chennai - 600116

Sri Ramachandra Medical College and Research Institute was established by Sri Ramachandra Educational and Health Trust in the year 1985 as a private non-profit self-financing institution dedicated to serve the society as a Centre of Excellence with emphasis on medical education, research and healthcare. In view of its academic excellence, the Government of India declared Sri Ramachandra Medical College & Research Institute as a Deemed University in September, 1994 under Section 3 of the University Grants Commission Act, 1956. The Trust achieved the task of establishing this Institution as a "Centre of Excellence" under the leadership of Late Shri. N.P.V. Ramasamy Udayar who was the Founder & Managing Trustee of the Trust and also the first Chancellor of the Deemed University. Shri. V.R. Venkataachalam is currently the Chancellor of the Deemed University and also the Managing Trustee of the Trust. Shri R.V. Sengutuvan is the Pro-Chancellor of the Deemed University.

The objective of the institution is to have the facility raised and developed to a level comparable to any major medical establishment in advanced countries. With this goal in mind, the Trust, in close co-operation of, and able guidance from professional experts in administration and teaching, has developed this sprawling 150 acres of green campus to a level of a prestigious Deemed University today. Further milestones were reached as on April 1, 1997 when an inter-institutional alliance between Harvard Medical International, USA and Sri Ramachandra Medical College and Research Institute was signed, which had further led the institution towards enhanced quality in the areas of medical education, health care and research and enhanced its visibility and recognition at the international level.

Harvard Medical International, in its annual report 2007, stated that "Sri Ramachandra is the model of a learning institution in both its medical school and hospitals. They have pursued faculty development with great rigor, and in the hospital are striving to be a quality leader in India. The Institution stands out because of its commitment to taking care of all".

Sri Ramachandra Medical College and Research Institute is among the very few Medical Institutes in India which have been sanctioned 250 seats in MBBS Degree course by the Medical Council of India from the academic year 2011-12.

As notified by the Central Government, the name of the Deemed University has been changed as "Sri Ramachandra Institute of Higher Education and Research" from August, 2018.

An important milestone has been achieved when Sri Ramachandra Institute of Higher Education and Research was graded as Category - I University by the UGC in 2018.

ACCREDITATIONS :

Degree PROGRAMMES in Engineering & Technology at Postgraduate level, besides the 13 HSSC courses and 1 Certificate Course. In all, around 7188 students who come from different parts of the country and abroad receive their teaching and training within the campus in a vibrant atmosphere which is highly conducive for higher education.

SRI RAMACHANDRA MEDICAL COLLEGE AND RESEARCH INSTITUTE:

Sri Ramachandra Medical College and Research Institute has, since its inception in 1985, always been in the forefront of medical education. A fully integrated, innovative, competency based curriculum as notified by the Medical Council of India has been developed for the MBBS Degree PROGRAMME that allows students to learn in a patient-centered manner. With assistance from Harvard Medical International and through extensive faculty development, value addition has been provided to the MBBS and MD/MS PROGRAMME to make it more student centered. Class rooms have been redesigned with smart boards and simulation lab to reflect the new teaching ethos. Small group discussion areas have been created.

- Sri Ramachandra Medical College and Research Institute is recognized by the Medical Council of India, General Medical Council of UK, Medical Council of Thailand and Sri Lanka.
- Sri Ramachandra Medical College and Research Institute is included in the Directory of the World Health Organisation.
- The Medical Council of India (MCI) has recognized Sri Ramachandra Medical College and Research Institute of Sri Ramachandra Institute of Higher Education & Research (Deemed to be University), as a Nodal Centre to conduct both Basic and Advance course in Medical Education Technologies to the faculty members working in around 40 Medical Colleges in South India.

LIBRARY:

A centrally air-conditioned large Library, known as Sri Ramachandra Learning Centre is ideally located in an area of 40,000 sq.ft. The students and faculty gain free access to a large collection of Medical, Dental, Para Medical, Engineering and related books and journals gathered over a period of 35 years which provide rich study and reference material. The library holds a collection of 63,518 text books, 3,761 books and 1,295 e-books. It subscribes to 414 national and international print journals, 13,637 online journals and it has in its possession 1,04,991 back issues. The e-learning resource include popular data bases, widely used by the faculty and students. 8,318 Ph.D theses and dissertations are available in the reference section.

HOSTELS:

There are separate hostel facilities for both men and women students with 3500 single rooms inside the campus to accommodate undergraduate and postgraduate students in medical, dental and other paramedical disciplines. The campus has continuous running soft water supply and power supply. The avenues of trees and green plants give a resort-like-ambience which is highly conducive to pleasant learning and peaceful living within the campus. Hostels are also equipped with internet facility for the benefit of the inmates. Covid – 19 pandemic guidelines and protocols are strictly followed.

SRI RAMACHANDRA HOSPITAL:

Sri Ramachandra Hospital is a major tertiary care and referral centre located within this campus. The Hospital caters to the needs of the students for their learning and training in various specialities. Placed in a suburban locality and amidst major highways, the hospital serves a cross section of the community belonging to every economic segment of the society. On an average 5,000 patients visit the out-patient facility everyday. The diagnostic capability available at the hospital is comparable to any University Hospital in any advanced country. The sophisticated clinical laboratory, and a wide range of imaging facilities including C.T. Scan, MRI, Multi Detector Slice Spiral CT, Cardiac Angiography, Cerebral Angiography and Gamma Camera add to the diagnostic armamentarium of the Hospital.

The Neurology Laboratory, Pulmonology Laboratory, Non-invasive and invasive Cardiac Laboratories have all been developed to the current state-of-the-art level. The most modern operation theatres, ICU and Critical Care beds add to this unique facility. The students have ample opportunities to learn in this modern hospital. Similarly, specialities have grown in the last 35 years in every facet of medical advancement. The Cardio Vascular & Thoracic Surgery PROGRAMMES have already reached a significant level of perfection as also the other major divisions like Vascular Surgery, Neuro Surgery Interventional Neuro Radiology, Critical Care Medicine, Reproductive Medicine and transplantation hepatology, hand surgery, radiation oncology, cardiac anaesthesiology, rheumatology, medical and surgical oncology services.

Clinical Skills Labs in several departments like Orthopaedics, General Surgery, Obstetrics and Gynaecology, ENT provide opportunities for postgraduate students to acquire the much sought after practical skills in complex surgical procedures. Basic Skills Lab for undergraduate education has also been setup centrally for Medicine, Surgery, OBG and allied skills.

TELEMEDICINE:

The Deemed University has national level visibility as a centre of excellence in exploiting Information Technology to the hilt, by establishing state-of-the-art Telemedicine facility through Satellite, ISDN lines and Internet connectivity. Both

students and the faculty benefit from Tele-Medicine Centre which is well connected with various national and international Institutions.

CENTRAL RESEARCH FACILITY:

The Central Research Facility (CRF) which was established in 2007, as the “A to Z gateway” for research, takes care of all logistics of research planning, research projects administration, research documentation, providing centralized sophisticated equipment facility and University-Industry Liaison Centre with IPR/Patents Cell, etc., on a ‘ready to use platform’ of the entire Deemed University.

The CRF is housed in a 25,000 sq.ft. exclusive facility with a sophisticated instrumentation laboratory containing the latest equipments. CRF also has established Sri Ramachandra Innovation Incubation Centre for incubates and startups. It has received financial assistance to the tune of Rs. 4.50 crores from BDT-BIRAC-BIONEST, Govt. of India. There is also FDA audited and DCGI registered Clinical Trial Division and other 14 Centers of Research excellence recognized by national and international agencies.

Further, the Centre for Toxicology and Developmental Research (CEFTE) is also functioning in 15,000 sq.ft. area with state-of-the-art facilities and it has been approved by the Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA) as a GLP compliant animal facility. CEFTE undertakes a number of preclinical toxicology studies for researchers and industries.

M.Sc. CARDIOVASCULAR SCIENCES (ECHOCARDIOGRAPHY)

DEGREE PROGRAM (Under Choice Based Credit System)

Sri Ramachandra Faculty of Allied Health Sciences of Sri Ramachandra Institute of Higher Education & Research (DU) introduces a two year M.Sc. Cardiovascular Sciences (Echocardiography) Degree program under Choice Based Credit System. This program is designed to train the students to meet the increasing demands of Cardiac Care Profession globally. Further, it is designed to provide a challenging and innovative postgraduate curriculum which equips students with higher level of knowledge, competence appropriate to the effective practice of Cardiac Care.

The Department of Cardiology was started in 1994 with the aim to provide comprehensive advice and preventive palliative emergency care. The department strives in its efforts to make the department a "Centre of Excellence" to establish a benchmark in the field of research, education, disease management and prevention of disease in Cardiovascular medicine. It caters to the needs of Neonatal, Pediatric, adult, senior citizen and octogenarian heart problems. The department has Outpatient Section, Intensive Care Section, in patient area, noninvasive laboratory area and Emergency Care area which functions 24 x 7 hours. The department is equipped with state of the art equipments for diligent diagnosis and evidence-based treatment for multiple cardiac problems. This treatment is rendered by highly trained, committed, knowledgeable, skilled resource persons in Medical, Nursing, Paramedical technicians, among others.

The Department of Cardiology has been teaching and training students in B.Sc. Cardiac Technology for several years.

PROGRAM HIGHLIGHTS:

1. Master of Science - Cardiovascular Sciences (Echocardiography) Degree program is a Postgraduate Degree program offered under CBCS Regulations, 2019.
2. It is a 2-year program (four semesters) of study carrying a total **credit of 84** under the Sri Ramachandra Faculty of Allied Health Sciences. It is a **FULL-TIME** Program and the medium of instruction is English.
3. Students register for core theory (CT), core lab (CL), electives and ability enhancement courses.
4. Flexibility in choice of electives, credit transfer from Open Educational Resources and online mode of learning are unique opportunities for the enrolled students.

5. The program includes postings which enhances learning through observation.

Post Graduate Diploma in Clinical Embryology

(Faculty of Allied Health Sciences)

INTRODUCTION

Reproductive medicine is a dynamic and challenging area of clinical medicine. Despite the concern of our growing population, the number of infertile patients is on the rise globally and the demand for practitioners in this area is also on the rise. Embryology is a small but important part of Reproductive medicine. Unlike the other fields, Clinical embryology is distinctive because majority of the work is laboratory driven.

Sri Ramachandra Institute of Higher Education and Research has an active Assisted Reproductive Technology program running successfully for the past 18 years and it is the first University to start the M.Ch Reproductive Medicine and Surgery Programme in 2012 recognized by the MCI (NMC) in India. M.Sc. Clinical Embryology Course for Post MBBS / BDS graduates was started in 2014 is also the first of its kind and is successfully conducted since then. Both these courses are appreciated by the students and they are well placed professionally after the successful Completion of the course.

The “Post Graduate Diploma in Clinical Embryology” is offered by Department of Reproductive Medicine, SRIHER (DU) under the Faculty of Allied Health Sciences.

The syllabus formulated for the program is condensed for one year, sufficient enough to impart the Students with the basic knowledge in Embryology.

At the end of this program, the students will be able to :

- PO1.** Apply the knowledge of reproduction and clinical embryology in Assisted reproductive technology, research laboratories, and pharmaceutical industries.
- PO2.** Demonstrate the application of latest technology in diagnostic and therapeutic interventions in Assisted reproduction.
- PO3.** Administer /carryout appropriate Assisted Reproductive Techniques (ART) for the couple
- PO4.** Identify the ethical and legal components in preparation and care of men and women requiring ART and apply the same in Andrology and embryology lab.

PO5. Identify the developmental stage of embryo and prognosticate the quality of the Embryo and assess the post thaw survival

PO6. Apply the appropriate Information, education and communication techniques during interaction with Reproductive medicine specialist and patients

COURSE SUMMARY:

1. The Diploma in Clinical embryology is a one-year **FULL TIME regular IN PERSON** program with a total of 48 credits.
2. The program includes postings in the Andrology and Embryology labs.
3. Evaluation includes internal assessment for theory and practicals and exit university examinations.

NUMBER OF CREDITS: 48

SCOPE:

As more and more IVF Centres are coming up all over the country, there is much demand for Embryology trained personnel to take care of the Embryology Laboratory and help the senior embryologist in their work. On completing the program, students will be able to find suitable opportunities in ART clinics, research laboratories, and pharmaceutical industries.

ELIGIBILITY FOR ADMISSION:

Post Graduate Diploma in Clinical Embryology is designed as a one year program for students with Bachelor degree in Science (BSc in Genetics and Biomedical, BE/BTech. Biotechnology & Biomedical sciences, B.Sc. (AHS) BSc (Nursing) or any other recognized equivalent degree.
